

Minneapolis-St. Paul International Airport is located in Minnesota and is the largest airport in the state. The airport was originally built as a military installation in 1942 and was known as Wold-Chamberlain Field.

About Minneapolis-St Paul International/Wold-Chamberlain Airport – St. Paul, Minnesota (MSP)

In 1944, the airport was transferred to the civilian sector and renamed. The airport has been expanded and renovated multiple times over the years, and it is the 16th busiest airport in the world. The airport is a major economic engine for the Minneapolis-St. Paul metropolitan area, and employs more than 17,000 people. The airport is also a major transportation hub for the Midwest and is a key link in the national air transportation system. It is not only a popular airport choice for those flying commercially, but also for those flying private.
